I'm always leery about buying books online, I never know if it's going to have sex scenes or profanity. This entire series is clean, yet full of unexpected twists and turns. Gripping. Funny. Richard Paul Evans writing style is smooth and effortless. I would feel very comfortable giving this to any of my teenage cousins to read.

My 5th grade son loves these books! He is an above average reader for his age and it can sometimes be difficult to find age appropriate novels for him to read. these books have some bullying and violence, but no more than you would expect from a superhero novel.

My girlfriend bought the first book of this series for \$1.00 @ a thrift store. Loved it so much, she shared she was interested in reading further into the series. I surprised her with it for Xmas. She's already read #4 and is truly intrigued and is anxious to get started on #5. She goes deep into discussion about the story line and has said that it's probably intended more for teenage to early adults, but imagines frequent readers, like herself at 57 years old would find it "a good read". We will be keeping our eyes open for #6&7 due out in the fall of 2016.

Fast delivery! Grandson age 11 loves them!

Gift to our twelve year old grandson for Christmas. He is just finishing third book in set and says he really is enjoying them.

My grand kids love these series!
