Synopsis

Updated for a new generation of bike lovers, this visually stunning and comprehensive history of Harley-Davidson charts the company and its bikes decade by decade. "Full of facts, specs and other info on a century of bikes, it's a gear head's Garden of Eden, and the turn of each page leaves behind fumes of nostalgia, history, horsepower, the freedom of the open road and American-made pride." *—*Smithville Herald

This book is amazing!! I bought this for my dad as a gift because he is a HUGE Harley fan, They are his favorite motorcycle and he has been riding them as long as I can remember. The pictures in this book are beautiful. The colors are all very vivid and the pictures clear. The amount of new Harley facts we know now is crazy. I would recommend buying this if you or someone you know is a die hard Harley fan. My dad loved this.

Bought as a gift. He loved it.

perfect thank you

Great book!

I purchased this book for my step father as a gift. He is a Harley enthusiast and this book is providing him with hours of reading and browsing and a lot of things that he didn't even know. He has really enjoyed it.

One of the best quality books I've seen. heavy paper, that is very defining for the Harley's showcased. Great historic detail on the bikes.

I got this book for my father with the caveat that I'd get a good solid read of it whenever he finished up with it. The book is big and many of the pictures fill the pages. So you really can see a lot of the detail which I especially love when looking at the old bikes. There's not so much text that you're reading more than looking at pictures, which I'd think would appeal to the motorcycle lover. I mean we like to look around, right? Pictures are what we focus on. Though the text offers a ton of cool facts and a load of interesting history. It's a fun book to flip through and just as much fun to sit and read with a big bowl of popcorn and your favorite frosty beverage.

I bought this as a birthday gift for my brother-in-law. It has beautiful pictures of Harleys through the years. Needless to say, he's very pleased with his gift.
