My wife and I were waiting for a table at Cracker Barrel restaurant when I saw your Fall, Family & Friends book. Fall being my favorite time of year, I picked it up, thumbed through the first few pages and bought it on the spot. I've only had the book for 12 hours and already I love it...I'm going to use it tomorrow! Thanks much.

Autumn in the Country Cookbook: A bountiful harvest of scrumptious recipes is one of the better Gooseberry Patch cookbooks I've read. I discovered many delicious sounding recipes that I am planning to try. Some of those recipes include: Tangy Cranberry Meatballs Sweet Pumpkin Dip Cranberry-Orange Tea Pink Hot Cocoa Mix Biscuit Bowls Snickerdoodle Mini Muffins Brown Sugar Bacon Caramel French Toast Cinnamon Rice Pudding S'mores Pudding Pie Garlic Swiss Steak Easy Lemon-Lime Ham One-Pot Chicken & Noodles Apple Cider Chutney Homemade Apple Pie Filling Autumn Apple Salad Judy's Pizza Rolls Mack's Honey Apple Rings Creamy White Chili Pumpkin Patch Stew Recommend. I tried the first (of probably many) recipe yesterday: Hamburger Crunch. My kids LOVED IT! This book is laid-out pleasingly, has a spiral-type spine (so it will lay flat), and I like the illustrations (does not have food illustrations but just Fall-type things like acorns, etc decorating the pages). It is set up in the usual sections: main dishes, salads or appetizers, desserts/sweets, that sort of thing. This is my second "Gooseberry Patch" book, but I am sure it won't be my last.

Love the Gooseberry Patch cookbooks especially their seasonal cookbooks (Autumn and Christmas). Great recipes, wonderful little stories, beautiful cover art and pictures, tips and crafting ideas abound in each book. They are perfect for browsing through any time but I enjoy it best in the Autumn when the air is cool and crisp and the aromas from the harvest and baking are at their very best. If you are lucky enough you just may get one of your own family recipes added to one of their new cookbooks! Also, the fact that they started here in Ohio (my home state!) is a plus for me. These cookbooks make great gifts if you are able to give them away!

I recieved this cookbook in used condition. The recipes are all WONDERFUL looking! The books' spiral comb binding was broken at the top but no big deal since I knew I was ordering a used book. If you are on the fence about this one, I say go for it and buy this! I just recently bought another Autumn themed Gooseberry Patch cookbook and both are great! Not one recipe is repeated either! Very pleased and will be looking forward to purchasing MORE Gooseberry Patch cookbooks in the very near future!

Autumn in the Country celebrates Autumn's bounty, and this digital e-book version makes a great addition to any Gooseberry Patch fan's collection. The digital edition is nicely hyperlinked, includes

Canadian measurements and equivalents and includes a variety of recipes to appeal to everyone. In particular I thought Cheesy Wild Rice Soup, Pot Roast & Sweet Potatoes, and Pork Chops with Apple Stuffing sound really good. For dessert there is Pumpkin Gingerbread Cake and Scarecrow Mix. The stories and heart-warming anecdotes add that special gooseberry patch flair. I was also pleased to see, that in the Kindle for PC edition they added colored text, so in the future if Kindle ever becomes colorized, this book will reflect the same color scheme in the spiral-bound edition.

great cookbook came in excellent condition.

Great cook book--delivered as promised--good price--good purchase
