Lilibet's Secret Diary: December 1936 - June 1937 (Lilibet's Diaries)

Synopsis

Lilibet's Secret Diary "I looked up the word "scandal" in my dictionary last night. No wonder there has been such a fuss." It's the 11th December 1936 and 10 year old Lilibet hears of some news that will change her and her family's life forever. She decides to keep a secret diary chronicling these extraordinary events. Will she fulfil her destiny, and also remember which the main course fork is and which the dessert fork is? Can Lilibet's younger sister Margaret end her mischievous ways, and become a worthy member of the League of Ovaltineys? Will Dookie the dog stop disgracing himself? All will be revealed in Lilibet's Secret Diary

Customer Reviews

Obviously, H.M. The Queen did not write this but I enjoyed reading about her sister, Princess Margaret. I never thought too highly of Margaret. She seemed to think she was above reproach and did not care what anyone else thought of her. It was her way or the highway. Her smoking, drinking and fast living ended up with Queen Elizabeth at her bedside and having the anguish of watching her child die. The Queen, as a child, wanted to please her parents, and early on was inculcated with

a sense of duty, although she, too, had her moments. I may be wrong, but I think the information in the 'diary' can be gleaned from the plethora of books written about the family. However, reading it as a diary was very entertaining and I often felt very sorry for Lilibet as she dealt with Margaret and her attitudes. If I had been the elder sister, Margaret would have been in serious peril.

Engaging and readable this little book, which purports to be the secret memoirs of a ten year old Queen Elizabeth is evidence of the author's imagination and passion for her subject. It would be good to see this idea done up completely - full disclaimer, more details and a book that ****could**** start before the abdication and shows the child's shift in perspective from innocent to queen in the making. I do not think that has been done, and it might be extremely interesting.

A fictional account of Queen Elizabeth II's diary from when she was 10 and Uncle David abdicated and she and Margaret had to move to Buckingham Palace. Lots of humorous references to Margaret's missteps as an adult, boys they would like to marry and the corgis. I can't wait to read the second book.

What a delightful story! This story is told from 10 year old Lilibet's Point of View, and Ms. Christou does a fine job of capturing the voice of young Lilibet. I found myself imagining Lilibet at this age and thinking how overwhelmed she must have been, knowing she would eventually grow up to be Queen. I think I enjoyed the antics between Lilibet and Margaret the best.

This book had numerous editorial mistakes. Did no one proof read it? Very disconcerting.

Meh. It was okay, a very quick read, but didn't grab me. Perhaps it was because I didn't learn anything new about Elizabeth II. Whatever.

This book is a gem.

Lilibet's Diaries was fabulous. As an American in love with all things Royal it was fascinating! Highly recommend it! Superb!
