Customer Reviews

If you are looking for a great beanie collectors guide, this is the one. Very informative and easy to understand. This book has it all. Pictures, prices and information on all the TY beanies. If you are a collector looking for information, look no further and grab up this book.

I just got this book in the mail today, and I must say, I'm impressed with everything!! First of all, I live in Canada, but it still arrived BEFORE the estimated time given! My day just got better when I opened the book. I've been collecting the Ty products for almost a year now, and this is the best combination of information I've seen yet! It's nicely colored, easy to use, and has all the information you'll need to keep track of a collection! Although new beanies have hit the market since this was published, I still highly recommend this book for all the background information it gives.
