Customer Reviews

James Patterson has written more bestsellers and created more enduring fictional characters than any other novelist writing today. He lives in Florida with his family. Duane Swierczynski is the Edgar-nominated and Anthony Award-winning author of *Canary* and *Revolver*. He's also written for comic books, TV and film.

I loved the character of our shut in right away. Great twists and turns that throw you off what you think is going to happen. It was a quick and fun read for sure!! I really enjoyed the mystery/thriller.

James Patterson bookshots are great.

Great plot. Really great twisty plot

Very very different story but another page turner. I really liked the characters, the drones, the setting in Philadelphia. Would have liked her neighbor to live!!!

I like all Patterson books, Easy to read keeps the chapters short and keeps your interest you always want to know what is going to happen at the end.

Liked this bookshops very much. Even more than most of these, very suspenseful and an interesting idea. I notice I don't often look up either.

I said this before, love these Bookshots. This was a different type of view on a crime being committed. Great ending!!

An exciting read on my commute to and from. Quick. Straight to the point. Mysterious and captivating. The character build up was awesome.
