Ghost Stories: The Most Horrifying Real Ghost Stories From Around The World Including Disturbing Ghost, Hauntings, & Paranormal Stories

Synopsis

Discover the horrible facts of these true ghost stories! Warning: Please be aware. All the stories in this book have been verified as being true ghost stories from around the world. These stories are not hoaxes - they are backed up by facts. May be disturbing for some! When you download Hannah J. Tidy's Ghost Stories: The Most Horrifying Real Ghost Stories, your skin will crawl with the idea that these stories are real - and could happen to anyone. In this new edition of Ghost Stories, you'll find a new horrifying chapter on a particular art piece that has been circulating eBay that is believed to be extremely haunted! Buyer beware. In the case of Justice From Beyond, Hannah J. Tidy describes how a ghost returned from the dead to see her murderer tried and convicted. By visiting her mother from beyond the grave to speak the truth of her death, this ghost finally finds her eternal rest.

Customer Reviews

This collection is of 12 stories that are told pretty straight forward, often with a little more information than is necessary to make the story interesting. I did not find the stories particularly appealing and am amazed anyone would find them scary, as some other reviews claim.

I enjoyed the stories and format of the book, I am looking for more by this author. I recommend this book for an easy relaxing read and always good to end on a happy note.

I enjoyed this book. I had heard and read about at least 4 of the stories.

I felt like it was too short. I would have loved to continue reading more ghost stories, but the book wraps up quickly, and with what I felt was not the "right" story, though it was interesting. Needs some fine tuning, focus, and expansion.

This book was very interesting. I heard about two of the stories before, but learned more from reading this book.

I'm not sure who's ratings I read before I purchased this book... the author's family members maybe? There was absolutely NOTHING "horrifying" in this book, except perhaps the fact that I actually purchased it. I was desperate for something to read, or I wouldn't have bothered continuing; although I held out hope that maybe the NEXT story would be horrifying. In nearly every story, the author makes a statement like, "Is this really true? We may never know." So how in the heck is she calling these "real" ghost stories? Save your money.

Interesting stories

Not a very thick book but I loved the different stories in there .. Id love to visit a few of the places mentioned and it also includes the strange story of Alisa lam (pretty sure I spelled her name wrong) all the stories are based on real events
