To The Eternal (Away From Whipplethorn Book 5)

Synopsis

All Matilda Whipplethorn's roads lead to Rome. Matilda went from the bottom of Viennese society to the very top. Now everyone knows she's a kindler and she's become a target for fairies who want to exploit the tenuous situation in France. Being famous was never Matilda's goal. She still has a job to do and being a princess had better not get in the way. Her parents remain in the hands of the French rebellion and the royal family is imprisoned in the Conciergerie in Paris. Iris must be made a cardinal and they have a new family to protect. There's only one fairy they can turn to and he's in The Eternal City of Rome. Pope Joyous can intervene in affairs of state. But will he?

Customer Reviews

What fun! Have loved the dragon interaction in book five. They're more lovable than scary, and I'm assuming there will be a book six since there's a WARNING: SPOILER AHEAD!egg waiting to hatch. And we still need to find out where the Home Depot fairies are, and numerous other loose ends.

ÃfÂçÃ ËœÃ Â°Played well on Text-To-Speech

I have never been bored with this series. I look forward to the next book!

These are such great books. I loved this one just as much as the other, now I need the next one

Everyone of the stories I'm 56 years young. I love to take off to places unknown and I'm glad I have. I am starting over and bringing along my grandson. I have 14 grand kids so I'll just keep my bags packed and open.

Loved this book even more than the last one. I enjoy all the cities the stories are placed in and the historical references. Can't wait to see who Mathilda falls in love with!!

Good book, liked the previous one a bit better

Loved it can't wait for the next book
