Old-Time Gospel Banjo Solos

Synopsis

This book presents 31 of the most-loved old-time gospel songs arranged in the three-finger style, complete with musical notation, banjo tablature, chords and lyrics. Each song is presented first as a beginner-intermediate arrangement, played in the first position in Scruggs style. Most songs are then presented in an up-the-neck arrangement. The audio recording features five-string banjo solos played in three-finger style and accompanied by guitar, mandolin and bass. This is a split-track recording, the lead banjo is on one channel and the accompaniment instruments on the other. The audio can be used as a solo recording, a teaching recording or a play-along recording. Audio download available online.

Customer Reviews

Excellent book by a great banjo player.

I really like that the melody notes are in bold so they stick out. I would recommend this book to any banjo palyer

This was just what I was looking for and more. Each song has standard treble clef notation and the tab below with the lyrics in the middle. All songs have a Beginner/Intermediate level with the melody notes in bold. Most songs have one or more Intermediate/Advanced variations which go further up the neck. I have greatly enjoyed this book. The great thing is that I am slowly growing into the book.

So I am getting a lot of it. Also, the CD is excellent for both listening and playing along with. I hope this helps and that you enjoy this as much as I have.
