Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #2,863,393 in Books (See Top 100 in Books) #56 in [Books > Textbooks > Medicine & Health Sciences > Dentistry > Periodontics](#) #105 in [Books > Medical Books > Dentistry > Periodontics](#) #857 in [Books > Textbooks > Medicine & Health Sciences > Dentistry > General](#)

Customer Reviews

Text: English (translation) Original Language: German

I have had this book now for over 20 years and I still refer to it, great illustrations and easy to follow, great for perio residents and periodontists alike.

This is an outstanding atlas for gp's with an interest in periodontics and grads starting a perio program. Well designed contents, detailed illustrations, perfect photos, informative legends and superb paper quality makes the book special and pioneer in its class. Furthermore it is a good and guiding resource for planning lectures for dental audiences.
