I was told to purchase this book by 2 of my friends who have rabbits. Very informative and easy

tead. Covers a lot of information without being overwhelming. Saves me from having to use Google to find answers to simple things!

this book answered many a question that other great rabbit books did not.

This book is so helpful! There are so many questions answered about where to start and what you need to know. I am so glad that it is now a part of my ever expanding library on animals. It was such a great help when my doe had her kits and how to care for the little problems that arise. I would buy this book again and again

My daughter loved reading this book as we have a Holland Lop.

Great question and answer resource.

Great book and it came in good time. Thanks for the good read.

Her book cleared up some issues I have in my rabbit farm. I would like to personally like to thank Karen Patry for this book. It has opened my eyes to some issues I've been having.

Helpful book. Recommend for those starting out with rabbits as we were. Good breadth of information.
