75 Readings: An Anthology

Synopsis

75 Readings introduces students to a range of classic and contemporary essays. The text also exposes them to a variety of rhetorical strategies, writing styles, themes, and topics. At the same time, it retains maximum flexibility for the instructor. These essays provide good structural models for rhetorical techniques and raise complex questions about current and enduring issues.

This book should be New instead there's a lot of marker notation.

This book is really awesome! It offers a lot of different short intriguing stories! And it also helps you understand different techniques when writing!

Required reading book for an English class in College. I enjoyed a few of the stories but some were quite dry. I know they had a variety of stories for that exact reason. For the price though it was worth it.

Great deal!

My sister needed this book for school and found it kind of dry and dull.

Purchased for college and was as described

Prefer hardback

I got this book for my English class good. Wish me luck on English reading
