# Public And Private Families: An Introduction

## Synopsis

As the title suggests, *Public and Private Families: An Introduction*, seventh edition, discusses the family in two senses: the private family, in which we live most of our personal lives, and the public family, in which we, as adults, deal with broader societal issues such as the care of the frail elderly, the increase in divorce, and childbearing outside of marriage. The book examines intimate personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families. Distinctive chapters examine contemporary issues such as income assistance to poor families, the effects of out-of-home childcare, and the costs of Social Security and Medicare programs. A companion reader to this textbook, *Public and Private Families: A Reader*, seventh edition, with 14 same-named chapters, has 34 readings from both the popular press and academic journals. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect<sup>®</sup> is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook<sup>®</sup> - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:

## Customer Reviews

Andrew J. Cherlin is Benjamin H. Griswold III Professor of Public Policy and Sociology at Johns Hopkins University. He received a B.S. from Yale University in 1970 and a Ph.D. in sociology from the University of California at Los Angeles in 1976. He is the author of the McGraw-Hill textbook, *Public and Private Families: An Introduction*. His other books include *Marriage, Divorce, Remarriage* (revised and enlarged edition, 1992), *Divided Families: What Happens to Children when Parents Part* (with Frank F. Furstenberg, Jr., 1991), *The Changing American Family and Public Policy* (1988), and *The New American Grandparent: A Place in the Family, A Life Apart* (with Frank F. Furstenberg, Jr., 1986). In 1989-1990 he was chair of the Family Section of the American Sociological Association. In 1999 he was president of the Population Association of America, the scholarly organization for demographic research. In 2005, Professor Cherlin was awarded a John Simon Guggenheim Memorial Foundation Fellowship. He received the Distinguished Career Award in 2003 from the Family Section of the American Sociological Association. In 2001, he received the Olivia S. Nordberg Award for Excellence in Writing in the Population Sciences; and in 1999, he was President of the Population Association of America. He was also received a Merit Award from the National Institute of Child Health and Human Development for his research on the effects of family structure on children. His recent articles include "The Deinstitutionalization of American Marriage," in the *Journal of Marriage and Family*; "The Influence of Physical and Sexual Abuse on Marriage and Cohabitation," in the *American Sociological Review*; and "American Marriage in the Early Twenty-First Century," in *The Future of Children*. He also has written many articles for *The New York Times*, *The Washington Post*, *The Nation*, *Newsweek*, and other periodicals. He has been interviewed on ABC News Nightline, the Today Show, network evening news programs, National Public Radio's *All Things Considered*, and other news programs and documentaries.

This textbook was reader friendly. It is formatted in a way that was easy to read and also to look up main points. It was one that I needed for an online course and I got good use out of it. There are also questions at the end of each chapter and main ideas in bold to make studying easier. It is not a text that I dreaded using and it made the material easy to understand. I did rent this book instead of purchase it because of the cost and would recommend renting if it is available.

My husband needed this book for a class at Ole Miss. The book came in perfect condition and arrived well in time for classes to start and the price can't be beat.

Great Book

Thumbs up!

book rentals is awesome, but this text is awful. Cherlin moves from topic to topic without clear focus and throws terms and ideas at the reader like the village drunk tossing bottles at a wall.

Really helped me for my online class. The chapters helped aided me when it came to studying for a test. It was worth renting!

I took a sociology class on the family and this was definitely a very interesting topic. The book is easy is to read and understand.

Would not recommend this item everything is online. A waste of money. It was a nightmare picking up this order. I like Fed=X
