## Customer Reviews

Exactly as expected. Except for inscription to someone, the book was in great shape for its age. I have an older one...Like 60 years old, and wanted this to use so I could keep the older one which I received for my Bar Mitzvah, in good shape. Well satisfied!!

This classic prayer book and commentary combination makes it possible for me to organize a class on Jewish morning worship. We will be studying the history, background and choreography of morning prayers, their origins, etc. I misplaced my personal copy and was so pleased to purchase it at a moderate price as a used book. It has always been a wonderful reference source on traditional Jewish prayer and practices. Marden Paru

Highly recommended reading specially to Messianic Believers

Great for Jews and Christians.

Was given as a gift.

Fine condition -no problems seeing all the words -english and hebrew as I had requested -would recommend again to anyone

very pleased

I know this publication very well and love the commentaries and explanations. After loosing my original copy I decided after a number of years to try and get hold of another copy. However, I was very disappointed in this particular edition since it has been printed on very poor quality paper which is very heavy and discoloured resulting in a very heavy and bulky book. I fear that also because of the poor quality of the paper, although this second hand copy is in reasonable condition, it clearly has not been read or used very much and I fear that it will wear very rapidly.
