What a beautiful book. I start the day off each morning reading the daily message/quote and taking in the extraordinary images only National Geographic photographers can capture! Love the

simplicity of focusing on a message and carrying the message through the day. Have given these as gifts for birthdays, housewarmings, or when someone needs a little lift!

Gorgeous book, gorgeous photographs, inspiring / thought-provoking quotes for every day of the year. A good companion to the other books in this outstanding series. Highly recommended

I have the series and find them a way to stay sane in this horrible time of Trump. Often I will be struck by the photo and then the quote will open my mind to a new perspective or something I never considered. Beautiful books for your eyes and heart.

Daily Gratitude is a beautiful book of quotes and gorgeous National Geographic photographs. I gave copies to nearly everyone on my Christmas list: to my grown children and several friends. When my husband saw it, he asked me to order one for us. I believe the youngmen in the family enjoyed it as much as the women.

Each year, I trade out my Nat'l Geo books. One year, it's Daily Calm. The next year, it's Daily Gratitude. Nice ways to reflect.

This is a beautiful book..one that reminds of of the wonderful things for which we are reminded to be grateful. I have bought several of these books as gifts . I was disappointed that the last book arrived with the cover torn and I don't want to give it to a friend this way.

Bought 2 of these, one for myself, another for my "Mother-in-law". I use it often and she loved hers so much she read it cover to cover in about 2 weeks.

Perfect for everyday motivation. I look forward to reading it each day to keep me positive!
